

There is no doubts to solve the current problems have to be addressed between the leadership of our two organizations and we have to represent the cure, not only for the negative effect between us but also how not to run from the source of the subject to search for another subject. It is our duties to work on having a business plans as follow.

1. To search the reasons that allow our blood to be shed and to create religious court have the capabilities to issue judgments against the rebel.

2. There are certain points that have to be addressed from your side to your legal entity which will help on fixing the gaps resulted to miss indexing , these index was a way to divide between mujahdeen, and if we need to cooperate among us we have to have total (justification , clarification) in our actual field of fight.

3. Issue a new directive on building and educating our children's the mujahdeen.

If we need to deal with all theses subject that will able us to solve the current problems we have to clarify and put those issues ahead of our eyes.

A. Addressing every issue small and large according to religious law (Shariea).

B. Balance.

C. Expecting a good well out of others.

D. If problem arises, stubborn are not the answer.

E. We can not return back to our old ways and masks.

F. The importance of finding the answer for any problems we have.

Dear brother..

How can we face the issues that face us in the field now? And what are our preparations?

It is not a secret that our loyalty to the original message that we live for and for the same reason, our idea was indifferent. Thus we have to try our effort on working together and according to one foundation, and we vow to end the fight and the struggles among us and only against our enemy, and our working relations can not be pound to a political party or to a person, because if we did not adhere to our vows we ill become a prey to our enemy
