SOURCE: DEBRIEFING OF [DETAINEE] UNDER COALITION FORCES CONTROL

UNCLASSIFIED (AS REDACTED)

Summary:

Badr Organization wants to give Iraq to Iran. The biggest reason Muqtada al-Sadr has problems working with the Government of Iraq is because approximately 60 percent of the Iraqi Government are members of Badr Organization. [Detainee]'s father was a POW for approximately eight years during the Iran-Iraq war and was tortured by members of the Badr Organization. Badr Organization members say they are Muslims, but Muslims would not give their country away. Anyone who has a mind and watches the news can see clearly the Badr Organization trying to give Iraq to Iran.
