Brother Abir,
May peace, God's mercy and blessings be upon you!

We would like to explain to you some of we have done:

1. I met with brother Abu Mustafa on 12 Safar [March 12] during which his duties had been specified, that he belongs to the administrative committee, and he is not allowed to correspond with the emir of al-Anbar, and additionally, a mechanism for the detainees [TC: release] was established for him. As you may know, brother, some lawyers are asking for large amount of money for releasing any of our brothers. Then we explained to Abu Mustafa not to pay any agreed upon amount in advance except after the final result, i.e. the release of the detainee brother, and how much the asked amount for his release is. Then he talked to me about the previous official brother of al-Ramadi who is in jail and [TC: and the asked amount] for releasing him. They are asking for \$30,000. As for the detainee sister Umm [mother of] Muhammad and the other detainee brothers with her, [TC: the asked amount is] \$25,000. I told him we do not have any objection to pay these amounts for the detained brothers but only after their release. We pray to God to facilitate the release of our prisoners. We also agreed with Abu Mustafa to activate function of the medical committee. We will do our best, God willing, to arrange the duties for this committee.
2. A meeting took place with the brother official in charge of al-Rutbah on 2/13/1427 AH [March 13, 2006 AD] and we set an appointment with him to bring with him the emir of the fifth sector. We made the appointment for the meeting on 2/14/1427 AH [March 14, 2006 AD] to make arrangements with him with respect to war booties and regarding his interference in the activities of the third sector. We will send you a report about the result of the meeting.

Abu Salam
