**Question: What is the ruling on exposing the eyes of the females to the level that part of her cheek appears as well?**

Answer: Verses from the Koran and Hadiths on exposing the eyes of women in which they state that there is a special temptation if eyeliners have been used on the eyes as well as make up on her cheek.

Muhammad Bin Sirin said I asked 'Ubaydah al-Sulaymani, who stated based on the words of Allah: cover the face, the head, and show the left eye.

It is obvious that exposing the eyes while there is makeup on them would be tempting; therefore, it is necessary to cover her eyes with even a light fabric to avoid temptation .
