

The Islamic State  
Wilayat al-Raqqah – The Southern Sector  
The Office of Services – Al-Sabkhah Municipality

In the name of Allah, the Gracious, the Merciful

[To] the brother, the prosecutor in the al-Sabkhah,

Brother [REDACTED] came to the municipality and informed us that brothers [REDACTED] and [REDACTED], who are residents of Zour Shammar, are handling a land owned by the municipality ([Islamic] State property), which is part of the village of al-Jabali, according to his claim. In our role as a municipality, we have taken pledges [from them] not to build on State property land without proof of ownership. [To be informed] that the land is outside the organizational chart. And God reward you the best.
