### The Official Response

It is referred to the judge's brother for consideration and the judge is informed of the merits of the complaint:

1- Four houses were seized from brother Abu Muhammad Bu'rus, who works in the Prisoners and Martyrs Committee. His sons were outside the land of the caliphate and he was covering up for them. The brother wali was immediately informed and said he should evacuate the houses immediately and give him only one day. Thus, brother Abu Muhammad began to evacuate the houses, and in retaliation, he brought brother Abu Amin al-Iraqi and brother Abu 'Abdul-Rahman al-Shami and settled them in houses to stir up problems between the brothers. The two brothers are to submit a memo to the wali to exclude them and to mislead the brother wali. And when I met the wali and explained to him this matter, he said, "If this is the case, they will be expelled from the houses." Then, the wali moved [maybe transferred]. This case is in your hands, knowing that the complainant is fully entitled to the property. The decision is for you to make.
