Text of the complaint

All praise is due to God. After swearing the oath:

I applied to the College of Pharmacy and handed over all the required documents in the sixth month of this year to the college. When I went there, during the academic year, I was asked to submit the documents again, so I told them that I handed in the documents in the sixth month. Then it appeared that these documents were lost in the college, and they asked me to bring any proof that indicates that I was a pharmacy student in Yemen. Hence, I brought a photocopy of the registration certificate, but it was rejected by Dr. Maqsud, on the pretext that it was insufficient.

Note: The complaint will not be taken into consideration if the complainant does not mention his information.

[The following sentence on the bottom of the page reads:]

The Official in Charge of The Mujahidin Affairs' Office

[Page 2]

I submitted this certificate to brother, Dr. Abdullah Amir, the emir of the Diwan of Health. He ratified it, stamped it and considered it an official document. An order by the Diwan was issued and entitled to Dr. Maqsud. When I went to Dr. Maqsud, he agreed on the condition that I return to the first year and not in the fourth year, and this is an injustice. After searching intensively in the college for the documents, my documents were found and I presented them to Dr. Maqsud, but he said that it was forged and he rejected as well. According to his claim, there is a difference in the form of date, knowing that these documents are certified by the Yemeni Ministry of Foreign Affairs and the Iraqi embassy and also stamped by the University of Yemen. So please bring me back my right. And may God reward you the best.
