Complaints Text

Thanks be to Allah

At the time of the afternoon prayer, I was coming back after my forward deployment duty when I saw smoke coming out of the Vehicles' Yard, since the door was not completely closed. I proceeded to enter the room when a person was exiting. When I entered, I saw three people setting and a Hookah [tobacco water pipe] is set up in the middle. I called my Emir, Abu-'Ali Talayib, and told him. He told me to bring them to the control-point headquarters at al Mansur Neighborhood intersection. After few moments, Abu-'Ali arrived and he took them to 'Abdallah Bin 'Umar Police Station at ad Dawwasah with the Hookah.

May Allah reward you.

(Supplemental)

At ad Dawwasah, after he took them there, one of al-Hisbah members asked about brother Bara', but when I told him that he was asleep, he said to tell him that we should not be involve in al Hisbah work, and that this is the last time he will have to tell Bara' that. He also said that the person we took to the police station with the hookah was his brother and he does not smoke hookah but smokes cigarettes. He finally said that he will ask his Emir to call the Emir of the Islamic Police and tell him about Bara' interfering in Hisbah's work. May Allah reward you.
