Complaint Text

We went on Wednesday, 11 NOV 2015 to al Maliyyah [Financial] Neighborhood, Spoils of War, to pick up the reward offered by Shaykh Abu-Bakr al-Baghdadi, may Allah protect him. We found Brother Abu-Idris there, who made us leave the place while shouting and screaming at us before he locked the door to the place. All three of us carry letters (attached to this complaint) that are signed and stamped by the Emir, Deputy Wali, and the Emir of Spoils of War himself, giving us permission to pick up the stuff. We have not received any of the material but instead we were met with shouting and were kicked out of the place. May Allah reward you.
