In the name of Allah, the Gracious, the Merciful

To the brother, the Emir of the Center:

May God's peace and mercy be upon you.

In response to your memo No. 3779 dated 14/3/1438 [13 Dec 2016] regarding the complaint submitted by the person named [REDACTED], we inform you that the occupants of these stores located in the al-Bulman Garage area have been summoned. These shops are owned by the Islamic State, and there are investors for these shops through contracts organized with the Nusayri [Syrian] regime. On the basis of these contracts, it became clear to us that the investor has no right to waive the content of this contract, i.e. give away the right to invest to others in whole or in part, except after obtaining approval (Article 12 of the attached contract). Accordingly, and based on this article, the investor is not entitled to waive the right to invest only after obtaining approval. The shop, which this complaint is about, was sold without approval. After reviewing the contracts, it became clear to us that the main investor of the shop, called [REDACTED], had waived the right to invest after obtaining approval and organizing a contract proving the waiver. Where this approval was taken from the former director of the municipality in the Nusayri regime.

After this waiver, the person named [REDACTED] waived his right to invest to the interest of the person named [REDACTED], also in a regular manner, and the approval of the municipality director was obtained. This is supported by contracts (a photocopy of the waiver contracts is attached). As for the last contract, which is the one for [REDACTED], which is the subject of the complaint, this contract was made without any approval from the emir of the municipality.

Second: This contract is a contract of sale and not a contract of waiver, wherese this shop is an investment shop and is not owned, and accordingly this shop is not subject to the sale agreement.

Third: This sale was made on the basis of a limited power of attorney, and the person named [REDACTED] says that he is an investor, however, in fact he is not an investor according to the papers and contracts he submitted, but rather he is a tenant and is treated like tenants. These stores have been evaluated on the basis of:

16 dirhams for tenants.

6 dirhams for investors who have the right to invest.

And God is the Granter of success and He is the Guider to the right path.

The Public Services Committee - Raqqah

The Head of the Municipal Department
