[Note that I did not get his name or his workplace, but I know that he is a brother in the \[Islamic\] State and drives a Kia car with plate number 35, Iraq - Ninawa. And in the event that the driver’s identity is not known, I file my complaint against the police station at the point during the accident, because they did not take any proof, place of work, or phone number of the brother who hit me. On the other hand, I don't know anything about the women. This is my statement.](#)
