Many greetings from Isa Khan for king and merciful Maowlawe Saheb Nezamaldin; after presenting my needed greeting, I hope that you are well and blessed. I went to the area of Ibrahim Khail on Tuesday and moved the individual, after taking him to the Caliph’s residence in Chemina, we put up a tent for him and placed a carpet with pillows and a heater and also clothes, he is living there now. There are ten people in this area for security and eight people watching the house as security. We do not have enough people for security in Ibrahim Khail, otherwise I would have placed more than twenty people for security, and we are not going to move from area unit you send us more people. I want to ask you to allow honorable Haji Morad Khail to stay here with us in Ibrahim Khail and please make Amir Bakhtar Gol Rasoul the commander of the eight security people. We also need a lot of clothes and supplies in Ibrahim Khail and heaters, because it is very cold in this area, with respect.
