Islamic Greetings

This is My Will:

I am Abu-Tariq Leader (Emir) of Al-Layin and al-Mashahdah Sector.

There were almost (600) fighters in our Sector before the Tribes changed course 360 degrees under the influence of the so called the Islamic Army (Deserter of Jihad) and others known believers groups, many of our fighters quit and some of them joined the deserters and later on I will mention the name of Fighters who stood by us (faithful fighters), and things start getting worse ever since, and as a result of that the number of fighters dropped down to (20) or less which led us to move some of our vehicle to anther location (Al-Muthanna Establishment Area) for security reason were our brother Abu-` Abd al-Khazraji stationed at and I will also mentioned the type vehicle at the end too.

*We have some weapons still in the possession of Muhammad Sahi and his brother `Abd Al Sahi which are ammunitions for BKC'S I will talk about it later on.

And the weapons that are in the possession of `Abd Sahi are Almost (2000) Rockets C5 plus RPG9 which he refuses to give us any of it lately and we do not know what is his intention in that regard, therefore we have to keep trying with him to get our weapons and ammos back due to the present conditions and specially since the Sahwah (Awakening) groups (Sunni groups fighting against al-Qa`idah) started attacking us.

There are very few Tribe members who stood by us and supported us such as members of al-Zuba`i Tribe that were surrounded by al-Sahwah (Awakening) fighters and even though they did not quit plus members of Albu-`Isa and al-Khazraj sub-tribe members.

After the raid that we did against the houses and safe heavens of the deserters which led to the killing and injuring a lot of them, burning some of their vehicles and spoiling some of their vehicles and weapons which affected their morals and carriage tremendously, knowing that the number of fighters who did the raid were (16) and not (150) fighters as they claimed after that..

My request to you is not to be negligent with the deserters (traitors) at all, because those kinds of people look like the cancer that grew up in the body of al-Jihad Movement, therefore we should have no mercy on them even if they joined the Iraqi Government security forces and do not let them have any sense of relieve despite the fact that some of them run away to unknown location with their Families from our strong hand. Even though our Jihadi movements goals at the early stages were to recruit as many as possible of the government employees in order to have excess, sources and supporters among them in order to more information about the Government security forces and the infidels military and tactical

movements in order to ease our movements and missions against them despite the fact that I was against such goals for security reasons. Dear brothers I would like you to know that even though the Islamic State of Iraq (ISI) achieved a lot of projects for the benefit of the people of Iraq such as bringing Water, Electricity and agricultural help to a lot of areas such as Albu-`Assaf, Albu-`Isa and al-Halabsah we were mistreated, cheated betrayed by some of our brothers who used to be part of the Jihadi Movement the people, therefore we must not have mercy on those traitors until they come back to the right side The ISI side or get eliminated completely in order to achieve victory at the end, and I would like to mention her the name of one of families (Sub-tribes) who betrayed us and lost our trust is Albu-Dawud family who were very good, faithful Jihadi Fighters, but later on we found out that those people were nothing but hypocrites liars traitors and were waiting for the right moments to switch side with the who ever pays them most and at the end they fought against us and they tried to prevent us from attacking the Awakening groups in al-Halabsah area by blocking our entrance to that area.
