

In the Name of Allah, Most Gracious, Most Merciful
Hasten to Jihad

To the Muslims with Honor and Zeal

Thanks be to God who said "Urge the believers to fight, it may be that Allah will overthrow the might of the unbelievers, for Allah is the strongest in might and severe in punishment" **AN-NISA 4:84**

And also said "And what reason do you have not to fight in the cause of Allah, to rescue the helpless oppressed old men, women, and children who are crying: "Our Lord! Deliver us from this town whose people are oppressors; send us a protector by Your grace and send us a helper from Your presence?" **AN-NISA 4:75**

Also said "Do not show weakness in following up the enemy; if you are suffering hardships they too are suffering similar hardships; moreover, you have hope to receive reward from Allah while they have none. Allah is the Knowledgeable, Wise" **AN-NISA 4:104**

The peace and the prayer be upon our prophet Muhammad who said (I came with the word in my hands at this hour)

To the people of Islam the people of honor and generosity, have you become despicable and lost your honor, did it die inside you or you have lost it despite that he (TC: God) given you hearts, ears and eyes, did he move your heart, did you watch what has happen in Al Fallujha did your heart become comfortable with this news? Have you only listen to nothing but lies and rumors decorated by the satan in this difficult time, you have seen our family and friends under siege and fighting to their death, and we satan talking to the other counties advising them not to become like Al Fallujha and who they have sold their souls and homes and for what reason? I stand by and say why are fleeing the Jihad and the fight? This will confirm the word of Allah when he said "Further I found that she and her people prostrate themselves before the sun instead of Allah. Satan has made their deeds fair-seeming to them and thus turned them away from the Right Way, so that they may not be guided" **AN-NAMEL 27-24** I say to the people of Islam you have accepted the beautifications of the devil who stopped you from Jihad and duties to fight our enemy , to the point of you words became sign of blame to the Mujahdeen and to stop Jihad , those Mujahdeen they sold their soul to the almighty God and their creator. What has happen to your wisdom? You have assumed the victory of the American in the land of our beloved Fallujha, I say no by God, we have started the fire or anger and revenge which was never seen before on this land, Enough for us, that our beloved people from Fallujha never sold their religious. "Among the believers there are men who have been true to their covenant with Allah: of them some have completed their vow *through sacrificing their lives*, and some others are waiting for it, and have not changed their determination in the least" **AI-AHZAB 33:23** I say yes to the people of Fallujha who did not exchange their believe in Allah, they accepted difficulty with patient in comparison of other Muslims who thought to be far a way from dangerous will be the wise act and choice thinking staying home next to the family and kids will be better than fighting. They have thought being far away from the turmoil the wise thing to do, those what Allah spoke about and said " Among them there is someone (*Jad-bin-Qais*) who said: "Grant me exemption and do not expose me to temptation (*of Roman women's beauty*)." Have they not fallen into temptation (*of telling lies, double dealings and hypocrisy*) already? Surely hell has encircled these disbelievers" **AT-TAUBA 9:49**

You have asked us to give you permissions to set and relax, but the Almighty said nothing is worse than setting and not acting and as equal to falling in hell, may God protect us. To the people of Islam, strife is hearing nothing but flowery words and repeating and echoing their message to stop the path of Jihad, strife is allowing government such (Allawi's) infidels government, strife is allowing the American to unwind then return back and attack, detain and destroy your honor. The strife is not allowing the American settle down and the Muslim suffers. But the more hardship they suffer from our Jihadi missions the less we will suffer from their evil doing on this Muslim lands. We have been compassionate to the people of Islam, we have seen you neglecting your weapons and became weary of Jihad and its difficulties and approached a falling cliff from the blind strife, have you accepted the current situations and allowed the people of Fallujha to suffer. How will you meet God at the final day, how will you answer the almighty when he ask about your weakness, will you answer the almighty saying we did not know that we did support the Americans and we did not know that we will be judged for ignoring Jihad Will you be saying we could not avoid a great meal or drink, or a nice restaurant? Or that we will be missing our children's and females, Dose that will be your answer our beloved at the final day? My brother I say all this evidence are nothing but the fruit of what you will harvest from the acts of the American that was built on nothing but fear and intimidations in order to stop your path, thus they have try every way to show the destructions in Fallujha and hide the victory of our brother the Mujahdeen, all the above is a great part of the American plans to spread nothing but fear and intimidations to other country and force them to let go of Jihad movement, but our duty will be to continue the fight and Jihad and exhaust our enemy and cause him as much from physiological damage during his encounter with the people of Islam, which will force our enemy to return back to his land defeated by God's well. We are asking our beloved Muslim's to join and we tell them we will never let our weapons down, we will never relinquish our prophet Muhammad's my the prayer and the blessing be upon him road to Jihad and fight and follow his way as when he did during the invasions of Al-Ahzab (The Trench" Coalitions") when the God the almighty said "You have indeed, in the life of Messenger-Allah, the 'Best Model' for him whose hope is in Allah and the Day of the Hereafter, and who engages himself much in the remembrance of Allah" **AL-AHZAB 33:21** our ways and curriculums are firm , we will follow the path of Jihad to death or victory, But victory will come with patients our Muslim's, victory is turning to God and depending on him , our Jihad will continue with God's well, we will not stop no matter what will be said, we will pursue our enemy with killing and explosions and destructions no mater where they will go.

God is victorious but most people are not aware
To God the glory and to his prophet and the believers the honor but the hypocrite will never know
