To brother [Maurib],

[TC: Islamic greetings]

We hope that you are organizing your time to give the Arab brothers two hours off from work each day to give them very specialized and beneficial lessons. The training will be in a special place [2M]. We also want you to forbid participation of the Arab brother Yusif Jan Muhammad Ahmed in competition with the Afghans for reasons we know of. Just general training is enough, and he is to never participate in the competitions.

Your brother,

Al-Wali
